

'Expedite work on Smart City projects'

TIMES NEWS NETWORK

Lucknow: Divisional commissioner and chief executive officer of Smart City Project, Roshan Jacob, on Monday issued directives to officials to expedite various initiatives under the project.

During the meeting, Jacob emphasized the importance of timely completion of all Smart City works. She instructed the officers and staff concerned to prioritize payments to implementing agencies immediately after the completion of civil work.

Officials reported significant progress in the development of smart schools and added that 38 out of 40 planned schools had reached 100% completion. The Commissioner urged the team to accelerate the remaining construction work to ensure all facilities are operational at the earliest.

On Divyang Park, officials indicated that 15% of the civil work had been completed and efforts were on to expedite the remaining tasks. The Commissioner directed that manpower should be increased to support the work. The meeting focused on planning of future projects aimed at providing seamless services to citizens, underscoring the administration's commitment to enhancing urban living standards.
