In a significant move toward bolstering industrial development and job creation in Uttar Pradesh, the state government has announced plans to establish its first private textile park under the *"Uttar Pradesh Textile and Garment Policy 2022"*. The park, which is set to come up in Kairana tehsil of Shamli district, is a crucial step toward boosting the textile industry in the region and creating much-needed employment opportunities.

The proposed textile park will witness an investment of Rs 726.61 crore, which will be pivotal in transforming the local economy. According to the government, this project will directly and indirectly provide employment to more than 5,000 people, thus contributing to the socio-economic growth of the area.
