

Yogi: Need to connect start-ups with ecosys

►Continued from P 1

UP CM Yogi Adityanath

“This will not only foster growth of the youth but also bring recognition to the state,” the CM said.

He further spoke about the need to connect start-ups with the ecosystem and suggested providing space for the One District-One product scheme along with modern technology in technical universities.

He said that selection of trades should be done as per necessity to inspire students for innovation and encourage universities to promote innovation by granting them complete freedom. He also said that universities should be linked with IITs to boost innovation.

The Innovation Fund was announced by Yogi Adityanath two years ago when he announced a government contribution of Rs 400 crore to the fund. The remaining Rs 3,600 crore was to be provided by private companies and investors in order to promote innovation and start-ups in the state.
