The World Economic Forum 2025 in Davos witnessed Uttar Pradesh making significant strides in global partnerships and sustainable development. Led by Chief Secretary Mr. Manoj Kumar Singh, the Uttar Pradesh delegation engaged in high-level dialogues and signed crucial agreements, showcasing the state's commitment to innovation, sustainability, and competitiveness.

Forging Global Partnerships

Uttar Pradesh took center stage as its delegation interacted with industry stalwarts, including the Advisor of Wipro Group and the Founder/CEO of Frontier Markets. These discussions set the stage for transformative ideas in fostering competitiveness and innovation. A panel discussion, "Pathways to Competitiveness," featuring Chief Secretary Mr. Singh, brought together global thought leaders at Zermatt, Kurpark Village, to explore strategies for driving sustainability and industrial growth.

Powering the Future: Renewable Energy Breakthrough

A groundbreaking MoU was signed between the Uttar Pradesh delegation and Lords Mark Industries, represented by Managing Director Mr. Sachidanand Upadhyay and Board Member Mr. Naitik Vyas. This agreement involves the establishment of a 300 MW solar power plant and rooftop wind energy turbines in Uttar Pradesh, backed by a ₹1,200 crore investment. This initiative marks a significant step towards renewable energy adoption, reinforcing the state's dedication to sustainable development and clean energy.

Strengthening Ties with the UAE

The delegation also held a productive meeting with the Hon'ble Minister of Economy of the UAE, Mr. Abdulla Bin Touq Al Marri. The discussions highlighted private investment opportunities in logistics and infrastructure, key drivers of Uttar Pradesh's economic growth. Additionally, the UAE pledged to enhance air connectivity in Uttar Pradesh, facilitating greater accessibility and boosting global trade.

Collaborative efforts also extended to skill certification initiatives for the workforce, which aim to enhance employability and foster a robust partnership between Uttar Pradesh and the UAE. This move is set to open doors to greater employment opportunities and strengthen bilateral ties.

The Bright Road Ahead

The active participation of Uttar Pradesh at WEF 2025 reinforces its position as a hub for innovation and investment. By building global alliances and championing sustainability, the state continues to attract significant interest from investors worldwide. Initiatives like renewable energy projects and improved air connectivity not only reflect Uttar Pradesh's vision for a sustainable future but also position it as a key player in driving India's economic growth on the global stage.
