Lucknow: In line with metro cities, pubs and bars could spring up in IT parks across key cities of Uttar Pradesh. Provisions have been made to allow bars as well as premium liquor vends within IT parks spanning five acres under the new excise policy.

In another change, premium vends and bars offering low alcoholic options have also been allowed in Noida, Ghaziabad, Agra, and Lucknow to cater to the youths and working executives who prefer to avoid crowded model shops and watering holes.

In 17 cities that are governed by municipal corporations and Noida, premium model shops would come up

if a space of at least 3,000 square feet could be created.

Only two such premium model shops are going to be allowed in a city, and their owner would get an opportunity to renew their licences for the next three years.
