**Kanpur:** Adani Group chairman Gautam Adani visited the Adani Defence and Aerospace facility in the Sadh area on Wednesday. During his maiden visit to the facility, he held discussions with officials involved in ordnance manufacturing.

Sources revealed that he personally tested the weapons by firing multiple rounds to assess their performance. On social platform X, he shared: "Just visited Adani Defence & Aerospace in Kanpur! Inspired to witness the incredible innovation and the rock-solid commitment to India's self-reliance in defence by the Adani team. Best of #AtmanirbharBharat in action! Our aim is to keep pushing boundaries to help build a stronger, self-reliant India!"

Upon arriving in his

Adani Group chairman Gautam Adani during his visit to Adani Defence and Aerospace facility in the Sadh area on Wednesday

chartered aircraft in the morning, he was welcomed by senior company officials. He then inspected sophisticated machinery and evaluated the bullet production capacity. He was observed assessing bullet quality through hands-on examination. At the facility's firing range, he conducted personal quality tests on modern rifles, firing multiple rounds and analysing bullet speed, precision, and quality using specialised equipment. He also tested smaller arms, including revolvers.
