Lucknow: Uttar Pradesh is set to witness a massive boost in road infrastructure with the construction of the 380-kilometre Ghaziabad-Kanpur Expressway. Developed under the Green Highway Policy, the expressway will significantly reduce travel time between Ghaziabad and Kanpur to just 5 hours and 30 minutes, compared to the current eight-hour journey.

The ambitious project aims to ease traffic congestion, promote economic growth, and enhance connectivity between key cities in the state. Once completed, it will provide seamless travel between Noida, Ghaziabad, and Kanpur, benefiting millions of commuters and businesses.
