The pact also includes provision for any additional opportunities which the parties mutually agree to collaborate in the foreseeable future.

State-owned CIL on Monday said it has signed an MoU with UPRVUNL to set up a 500 MW solar power project in Uttar Pradesh. The development is a part of initiatives of Coal India Ltd in the green energy space and to meet the growing energy demand of Uttar Pradesh.

'Coal India Ltd (CIL) and UP Rajya Vidyut Utpadan Nigam Ltd (UPRVUNL) have executed a non-binding Memorandum of Understanding (MoU) on May 5, 2025 at Lucknow with an intent of setting of 500 MW Solar Power project in Uttar Pradesh,' CIL said in a filing to BSE.

The pact also includes provision for any additional opportunities which the parties mutually agree to collaborate in the foreseeable future.
