

# Mineral resources are crucial for UP to become \$1 trillion economy: Yogi

**Lucknow:** Noting that the mining sector in UP has evolved beyond mineral extraction, Chief Minister Yogi Adityanath on Sunday said that mineral resources have become a key driver of economic growth, investment attraction, and local employment generation in the state.

The CM said the state's mining policy has now emerged as a model of transparency and technological efficiency. Chairing the review meeting of the department of geology and mining, Yogi said that the state's mining policy has now emerged as a model before the country and is set to play a crucial role in UP's journey towards achieving the one trillion-dollar economy goal. **TNN**
