

Develop seed parks on PPP model: Min

Lucknow: Following a review meeting chaired by state minister (independent) for horticulture, agricultural marketing, agricultural foreign trade and agricultural export Dinesh Pratap Singh has emphasised the importance of promoting high-value, export-oriented and processing-suitable crop to enhance farmers' income

He instructed the horticultural expert team to identify new export possibilities both domestically and internationally. The minister issued directives for developing horticultural seed parks through PPP model on vacant lands to ensure quality saplings and planting materials across the state. He ordered the formation of a dedicated team to disseminate information about departmental schemes and activities via social media, ensuring farmers have easy access to schemes, modern technology, and horticultural guidance.
