co-founder and director of SAEL Industries Ltd. The project is slated to commence construc-

tion this year, said the statement.

The upcoming facility in Greater Noida will house a 5 GW

solar cell manufacturing unit and a 5 GW solar module manufacturing line. Post operationalization of this project, SAEL's total solar manufacturing capacity will rise to 8.5 GW.

Speaking about the approval, Yogi Adityanath said: "Uttar Pradesh is charting a bold and aggressive path towards renewable energy, setting an ambitious target of generating green energy. Projects like the one undertaken by SAEL's Rs 8,000 crore are vital to achieving this. This is the future, and Uttar Pradesh is ready to lead."
