

Viksit Uttar Pradesh @2047

A people's roadmap to inclusive progress

TOURISM & CULTURE

Tourism and culture are envisioned as powerful drivers of economic growth, heritage preservation, and global recognition. Uttar Pradesh holds unmatched potential to emerge as India's cultural capital on the world stage.

The initiative aims to transform this potential into reality by developing world-class tourism infrastructure, enhancing connectivity, and creating immersive cultural experiences.

Heritage cities will see improved amenities, eco-friendly transport, and digital tools like augmented reality to make history come alive for visitors.

The vision of Uttar Pradesh's development is not confined to a single sector. It aspires for employment would feel compelled to return. This transformative journey places the state at the very heart of the national vision for Viksit Bharat @2047, where growth is measured not merely in economic terms, but through inclusivity, sustainability, and a

to create opportunities so robust that those who once left the state for education state at the very heart of the national vision for Viksit Bharat @2047, where growth high quality of living for all

SOCIAL & WOMEN WELFARE

Under Vision Uttar Pradesh @2047, Vanshodh Ka Yojana focuses on empowering marginalized communities and women, ensuring equitable access to education, healthcare, employment, and social services. Targeted programmes provide skill development, financial inclusion, and entrepreneurship opportunities, enabling self-reliance and social mobility.

Women-centric initiatives strengthen leadership, safety, and participation in governance, while support for disadvantaged groups bridges socio-economic gaps.

By fostering inclusivity and equal opportunity, the initiative aims to create a society where every citizen, regardless of gender or background, can thrive, contribute to development, and actively participate in shaping a prosperous and just Uttar Pradesh.

HEALTHCARE SERVICES

Healthcare is being reimagined as a cornerstone of inclusive and sustainable development. Aarogya Pradesh aims to ensure that quality medical services are accessible, affordable, and equitable for every citizen, bridging gaps between urban and rural healthcare delivery. The initiative focuses on strengthening infrastructure, expanding hospitals, primary health centres, and mobile health units, and introducing state-of-the-art diagnostic and treatment facilities.

Preventive care initiatives, awareness campaigns, and immunisation drives are being scaled to reduce disease burden and promote community health. Healthcare professionals are being trained with modern skills, while telemedicine and digital health platforms bring expert consultation to remote areas, ensuring timely intervention and continuity of care. Special emphasis is placed on maternal and child health, senior citizens, and vulnerable populations. In addition to curative services, Aarogya Pradesh promotes wellness through nutrition, mental health awareness, lifestyle interventions, and support for traditional and alternative medicine practices.

EDUCATION & SKILLING

Gyandev in Yash Shakti envisions a state where knowledge illuminates every home, and young people are empowered with skills to thrive in a rapidly changing world. The project focuses on improving access, quality, and equity in education, from primary schools to higher education institutions. Innovative teaching methods, digital classrooms, and e-learning platforms are being scaled to reach every corner of the state, bridging rural-urban divides. Special emphasis is placed on vocational and technical training, equipping youth with industry-relevant skills to enhance employability and entrepreneurship. Partnerships with industries, universities, and start-ups are creating skill hubs where innovation meets practical experience. Youth are encouraged to take leadership roles, pursue research, and engage in problem-solving initiatives, addressing real-world challenges. By combining knowledge with skill development, the aim is to transform youth into capable and socially responsible leaders. This way, education becomes not just a pathway to employment, but a cornerstone for sustainable development.

SAFETY AND GOVERNANCE

Safety is the bedrock of confidence and confidence fuels growth. Uttar Pradesh is working to establish a fair-free environment by modernising policing systems, strengthening law and order, and ensuring the swift delivery of justice. Smart policing initiatives, advanced surveillance systems, cybercrime monitoring, and modern forensic labs are being scaled up to address evolving security challenges. Special emphasis is being placed on women's safety, child protection, and creating inclusive public spaces where vulnerable groups feel protected and empowered. Governance is most effective when it is citizen-centric. Viksit UP @2047 envisions a governance model rooted in efficiency, transparency, and responsiveness. From simplifying public service delivery through digital platforms to implementing real-time monitoring dashboards, the state is aligning with the principles of Smart Governance. Every rupee spent is being mapped to outcomes through performance-based budgeting, ensuring accountability to crime, corruption, and inefficiency. Strict enforcement measures, coupled with reforms in administrative practices, are creating a culture of accountability. Departments such as Home, Police, and General Administration are being strengthened to act as catalysts of change, ensuring coordination and integrity across governance structures.

READER ENGAGEMENT INITIATIVE

ALIGNED WITH NATIONAL ASPIRATIONS

Vision Uttar Pradesh @2047 is not a distant dream. It is a bold statement of intent. As India aspires to become a developed nation by the century year of independence, Uttar Pradesh, with its vast resources, rich heritage, and vibrant youth, is uniquely positioned to be the vanguard of this transformation. The vision of Viksit UP @2047 envisions a state where every citizen has the opportunity to thrive, contribute to development, and actively participate in shaping a prosperous and just Uttar Pradesh.

POISED FOR TOMORROW

Vision Uttar Pradesh @2047 is not a distant dream. It is a bold statement of intent. As India aspires to become a developed nation by the century year of independence, Uttar Pradesh, with its vast resources, rich heritage, and vibrant youth, is uniquely positioned to be the vanguard of this transformation. The vision of Viksit UP @2047 envisions a state where every citizen has the opportunity to thrive, contribute to development, and actively participate in shaping a prosperous and just Uttar Pradesh.

AGRICULTURE & ALLIED

Agriculture has always been the backbone of Uttar Pradesh, sustaining millions of livelihoods and fueling the state's economy. Under Vision UP @2047, agriculture and allied sectors are being reimagined with a strong focus on innovation to transform farming into a modern, profitable, and sustainable enterprise. The vision is not just to grow more, but to grow smarter. Precision farming, drone-based monitoring, and the use of artificial intelligence for weather forecasting and crop management are gradually being introduced at the grassroots. These technological advancements empower farmers to reduce input costs, maximise yields, and minimise risks from climate variability. Equally important is the diversification into allied sectors such as dairy, fisheries, poultry, and horticulture, which provide additional income streams and create resilience for rural households. Uttar Pradesh, already a leader in milk production, aims to expand processing units and value-added products, enabling farmers to move up the value chain.

LIVESTOCK AND ALLIED

Under Vision UP @2047, livestock and allied activities are envisioned as powerful engines of rural prosperity. Uttar Pradesh, already a leader in milk production, is focusing on strengthening the entire livestock value chain, right from breeding and feed management to processing and marketing of dairy, meat, poultry, and fisheries. The initiative promotes scientific practices in animal health and nutrition, expansion of veterinary infrastructures, and digital tracking systems to ensure disease-free livestock. Investments in modern dairies, cold storage, and value-added products such as cheese, yoghurt, and packaged meat aim to unlock higher incomes for farmers. Allied sectors like fisheries and poultry are being scaled up with training, technology support, and better market linkages. By integrating livestock rearing with agriculture, farmers gain multiple income streams, ensuring resilience against uncertainties. Pashudhan Samridhi is not just about wealth creation; it is about securing food, nutrition, and livelihoods for millions across Uttar Pradesh.

INDUSTRIES & INVESTMENT

Under Udayogi Ki Uttar, the focus is on creating an ecosystem where industries can thrive, be it manufacturing, services, or emerging sectors like renewable energy, IT, electronics, and biotechnology. Special Economic Zones, industrial corridors, and dedicated parks for defence, textiles, food processing, and electronics are driving large-scale industrialisation, while ensuring balanced regional development. Ease of doing business has been placed at the heart of this campaign. Simplified approvals, single-window clearances, and investor-friendly policies have boosted confidence among global and domestic investors. The state's success in hosting record-breaking investment summits reflects its ability to translate intent into action.

IT & EMERGING TECHNOLOGY

Equally vital is the promotion of micro, small, and medium enterprises (MSMEs), which are being equipped with technology, credit access, and market linkages to scale up operations. By blending large-scale industries with grassroots entrepreneurship, Uttar Pradesh is setting the stage for inclusive growth. Future-ready workforce, driving inclusive growth and social empowerment across UP.

“There comes a time in the development journey of any country when it pushes forward with new resolutions. Today, that time has arrived in the development journey of India. The journey of the next 25 years, from the 75th year of Independence to the 100th, marks for Bharat Kaal. India is the world's fastest-growing economy, powered by a decade of macroeconomic stability. India's contribution to the world's growth is going to be around 20%, very soon, driven by the resilience in India's economy.”

Narendra Modi, Prime Minister

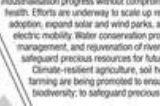

“Under the visionary leadership of Prime Minister Narendra Modi, the character of India's Bharat Kaal. Uttar Pradesh is today moving forward with new thinking, new energy, and new resolutions towards a developed and self-reliant state, playing a leading role in its development. Every citizen is a partner in this developmental journey of Uttar Pradesh. Our goal is a Viksit Uttar Pradesh. We aim to not only make the state the largest economy in the country but to also give concrete shape to the aspirations of 20 crore residents of the state.”

Yogi Adityanath, Chief Minister, Uttar Pradesh
