He highlighted the state's investor-friendly policies, including single-window clearances, land availability, fiscal incentives, and a proactive facilitation mechanism. Chaudhary outlined priority sectors being promoted through Investor Facilitation Desks and spoke about the state's FDI and Global Capability Centre policies, which provide end-to-end support to foreign investors establishing operations in UP.

Dr Ambule expressed satisfaction over the growing interest among Singapore-based companies in India, especially Uttar Pradesh, which he described as one of the country's most promising investment destinations.
