

₹1,246cr for linking Jewar airport, e-way

Lucknow: In a major thrust to infra development, the Yogi government has made a provision of Rs 1,246 crore for the construction of an access-controlled greenfield expressway from Jewar Airport to Ganga Expressway to give new momentum to industrial development and global connectivity.

Through this fund, the land acquisition process will be expedited. This project is being considered a decisive step towards further strengthening Uttar Pradesh on the global map of international investment, logistics and industrial expansion. Through this greenfield expressway, Noida International Airport (Jewar) is being directly connected to Ganga Expressway, which will provide seamless movement for freight transport, exports, industrial supply chain and passenger traffic. The government believes this corridor will give unprecedented boost to investment attraction. TNN
