CM Yogi Adityanath with Adani Group chairman Gautam Adani in Lucknow on Friday

Lucknow: Expressing his strong support for the state's ambitious economic growth plans, industrialist Gautam Adani on Friday commended chief minister Yogi Adityanath's vision of transforming Uttar Pradesh into a major economic powerhouse.

"Some visions reshape nations. Hearing chief minister Yogi Adityanath lay out the roadmap for Viksit Uttar Pra-

desh was an unforgettable moment. A \$1 trillion economy by 2030. \$6 trillion by 2047. This is a declaration of what UP is capable of becoming," Adani posted on X, a day after meeting Yogi on Thursday.

He highlighted the roadmap outlined by the CM, which targets scaling the state's economy to \$1 trillion by 2030 and further expanding it to \$6 trillion by 2047.

Reiterating his group's commitment, the Adani Gro-

up chairman said the conglomerate would continue investing in key sectors such as power, defence, airports, logistics, industrial parks and data centres to support the state's growth. "We are here to help build that future," he added.

Earlier on Thursday, Adani, accompanied by his wife Priti Adani, son Karan Adani and daughter-in-law Paridhi Adani, visited the Ram Temple in Ayodhya to offer prayers on Hanuman Jayanti.
