
UP pitches investment opportunities to PSUs

Lucknow: The Invest UP delegation, led by PSU head Subodh Dixit, held discussions with representatives of more than 10 major PSUs at the PSU Connect Summit and Roundtable in New Delhi, focusing on green energy, logistics, digital infrastructure, mobility and research, an official spokesperson said on Saturday.

Officials showcased the state's investor-friendly ecosystem, incentives available under more than 36 sectoral policies, and its expanding net-

work of expressways, airports, logistics corridors and industrial hubs.

NTPC Green Energy CEO Sarit Maheshwari said the company was expanding its green energy and power distribution footprint in UP and appreciated the state's support in facilitating its projects.

Director (systems) at Kochi Metro Rail Corporation, Sanjay Kumar, said discussions were at an advanced stage for introducing a water taxi service on the Gomti.

Konkan Railway Corporation chairman and managing director Santosh Kumar Jha explored opportunities in logistics and freight connectivity, while RailTel director Manoj Tandon expressed interest in strengthening digital infrastructure through telecom and broadband solutions.

Indian Oil Corporation executive director Umish Srivastava also discussed potential collaborations in renewable energy, research and innovation. TNN
