

CM Yogi Invites Global Partners to Invest Across High-Growth Sectors in Uttar Pradesh

UP showcases opportunities in defence, electronics, pharma, agriculture, manufacturing and technology at roundtable with partner countries

Greater Noida, Sep 25: Following the inauguration of the Uttar Pradesh International Trade Show (UPITS), Hon'ble Chief Minister Yogi Adityanath held a roundtable meeting with delegations from partner countries including Singapore, Vietnam, Russia, Belarus, Japan and Austria, highlighting Uttar Pradesh's industrial strengths and emerging investment opportunities.

The Chief Minister said Uttar Pradesh, with a population of more than 25 crores, offers investors a unique combination of a large consumer market, young workforce, fertile agricultural land and abundant water resources. He invited global companies to expand their presence in sectors such as mobile manufacturing, defence production, pharmaceuticals, medical devices, agriculture, heavy machinery and wood technology.

During discussions with the Vietnamese delegation, the Chief Minister encouraged investments in the Yamuna Expressway region and highlighted the development of India's largest airport. He also proposed strengthening connectivity between Uttar Pradesh and Vietnam through direct air links to boost tourism and trade.

With the Russian delegation, discussions focused on strengthening economic cooperation through defence manufacturing, pharmaceuticals, medical devices, agriculture and fertiliser supply chains. The Chief Minister highlighted the Defence Industrial Corridor, the BrahMos manufacturing facility in Lucknow and AK-203 rifle production in the state. He also invited Russian companies to invest in the Medical Device Park near Noida Airport, the Pharma Park in Bundelkhand and the Bulk Drug Park in Lalitpur.

Welcoming the Belarusian delegation, Yogi Adityanath outlined opportunities in agriculture, heavy machinery manufacturing and technical education. He invited Belarusian tractor and machinery manufacturers to set up assembly units in Uttar Pradesh and proposed collaborations in wood-processing clusters under the One District One Product (ODOP) programme.

The Chief Minister also met Japan's Ambassador to India and JETRO representatives to discuss expanding cooperation in investment, economic development and cultural exchanges. Talks with the Singapore delegation focused on deepening economic ties and advancing the proposed Singapore City project.

Describing UPITS as a powerful platform for global engagement, the Chief Minister said the event is creating new avenues for trade, technology transfer and investment while further strengthening Uttar Pradesh's position as a preferred investment destination.
