

Govt committed to make UP an investors' paradise: Nandi

TIMES NEWS NETWORK

Lucknow: UP industries minister Nand Gopal Gupta 'Nandi' on Thursday said the state government is committed to transforming UP into an investors' paradise through sustainable initiatives. He said, "The foundational underpinning of any robust economic system primarily hinges on industrial development. We envision Uttar Pradesh as an oasis for investors, where growth aligns seamlessly with sustainability. Our commitment to industrial development goes hand in hand with environmental consciousness."

He was speaking at a seminar on Environment and Climate Change, Green Eco-

UP industries minister Nand Gopal Gupta at the event

nomy- "Transition to Green Economy and EVs", highlighting Uttar Pradesh as an aspiring hub for sustainable investments. The event, held in Gandhinagar, witnessed a convergence of industry experts, government officials and entrepreneurs fostering discussions on key topics surrounding environmental sustainability. It was organi-

sed by the Indo-American Chamber of Commerce (IACC).

Abhishek Prakash CEO, Invest UP said, "Uttar Pradesh boasts the highest number of registered EVs in the country. Additionally, in terms of on-road EVs, UP leads in India."

ACS, forest, environment, and climate change, Manoj Singh shared perspectives on the state's environmental initiatives. He said, "The state government underlines its dedication to creating a harmonious balance between industrial growth and environmental conservation." Mukesh Singh, chairman UP Committee IACC and executive committee member was also present.
