

UP del, Microsoft discuss setting up AI hub

►Continued from P 1

On Thursday, the Indian delegation also met senior officials of HCL Technologies, Uniliver, Nestle, Microsoft and ReNew. In the meeting with Kalyan Kumar, chief product officer of HCL Technologies, the delegation discussed the possi-

bility of the company's expansion of its core product development work in Lucknow. HCL has an ongoing project in Lucknow which includes the HCL IT City, which spans over 100 acre and operates as an SEZ zone.

During its meeting with Ranveer Chandra, MD, industry research, Microsoft, the delegation

discussed the possibility of setting up an AI hub in the state. Singh also held discussions with Paul Bulcke, chairperson, Nestle Global, where they spoke about the possibility of setting up a Nestle plant in UP and how the company could collaborate with farmers for increasing milk production.
