

UPITS | PM Modi lauds Uttar Pradesh's growth at international trade show

PM Modi hails UP as India's new growth engine

UP State Bureau
LUCKNOW

Prime Minister Narendra Modi inaugurated the Uttar Pradesh International Trade Show (UPITS) 2025 at the India Expo Centre & Mart in Greater Noida on Thursday, describing it as a milestone in the state's development journey. Addressing investors, entrepreneurs, and business leaders, the Prime Minister urged them to explore Uttar Pradesh's vast economic opportunities.

Highlighting progress under Chief Minister Yogi Adityanath, PM Modi said Uttar Pradesh has become a leader in connectivity, industrial growth, and infrastructure, with the highest number of expressways and international airports in India. He underlined the role of the state in Atmanirbhar Bharat, with major strides in manufacturing, tourism, and defence.

UPITS 2025 projects Uttar Pradesh as a global trade and investment hub

On the birth anniversary of Pandit Deendayal Upadhyaya, the Prime Minister invoked the principle of Antyodaya, stressing that UP's growth model is focused on taking development to the poorest

sections of society.

He praised the One District One Product (ODOP) initiative, which has given global exposure to local products. He also pointed out Uttar Pradesh's rising role in global mobile phone production, contributing to 55% of all devices manufactured in India.

PM Modi further emphasized the state's growing defence and semiconductor potential, noting that a major semiconductor facility is set to

CM HIGHLIGHTS UP'S GROWTH

Chief Minister Yogi Adityanath said UPITS 2025 reflects Uttar Pradesh's confidence on the global stage. He added that the state is witnessing record investment interest due to improved law and order, infrastructure growth, and proactive governance. Yogi assured investors that UP provides both opportunity and security for long-term business ventures.

CM praised for state's rapid development

Prime Minister Narendra Modi said UP's transformation is proof of effective governance. He stressed that connectivity upgrades, industrial growth, and social welfare schemes have created a model of balanced progress. He called upon global businesses to partner with the state, declaring it a reliable and forward-looking destination for investment.

begin operations, while the AK-203 rifle project in collaboration with Russia and the defence corridor highlight UP's role in weapons manufacturing. Calling upon global investors, he said Uttar Pradesh's single-window system offers a business-friendly

environment and assured full cooperation from both state and central governments. He welcomed more than 2,200 exhibitors and delegates from 150 countries, saying the event positions Uttar Pradesh as a global hub for trade and investment.
