

# CM: Our missiles tested during Op Sindoor, trusted by world

**Ghaziabad:** Chief Minister Yogi Adityanath said on Thursday UP had emerged as a major defence manufacturer for the country while laying the foundation stone for Central Electronics Ltd's data centre in Sahibabad.

At the event, which was also attended by Union minister (independent charge) for science and technology and earth sciences Jitendra Singh, Yogi praised the PSU, which manufactures parts for Akash and BrahMos in Lucknow node of the state's Defence Industrial Corridor, for its contribution to railways, security, surveillance and solar energy.

CM Yogi during the foundation laying of a data centre in Ghaziabad

He said it was a rare feat for a state to grow its economy 2.5 times in eight years, crediting his govt – which took office in 2017 – with changing the perception of the state from 'BIMARU' to a developing one by making it a safe place for investment. TNN
